

August 31, 2016

Dear whomever this may concern,

Please use this letter as proof of enrollment for **Laura Baukol**. Laura is currently enrolled to be a full-time student in the Galvanize Web Development Immersive program at our Boulder campus located at 1035 Pearl St, Boulder, CO 80302.

**Start Date:** October 3, 2016

**End Date:** March 17, 2017

**Class Schedule:** Monday – Friday, 9:00 AM – 5:00 PM (noon-1:00 PM break)

**Payment Details:**

Total Original Tuition: \$21,000.00

Codecademy Discount: \$2,000.00

Workshop Credit: \$1,250.00

Total new Tuition: \$17,750.00

Upfront Deposit (already paid): \$2,000.00

Total Remaining Balance (due by 10/8/2016): \$15,750.00

**Computer Requirements:**

All students in the Web Development Immersive program are required to use a personal Macbook computer that is one year old or newer, and has at least 4GB of available RAM. Students may use their own computer if it meets these requirements. If the student does not have a computer that meets these requirements, they must either purchase one on their own from an Apple store or Apple retailer, or they may purchase a computer through Galvanize for \$1,100 and picking up the computer on the first day of class.

**Program Outcomes:**

The Web Development Immersive program prepares students to become Junior Software Developers and Web Developers. There are no license requirements for general work in this career field.

**Program Description:**

Galvanize's Web Development Immersive program is devoted to the tools, technologies, and developer processes that current developers use. Tools and applications covered in the program adapt to evolving industry demand; training can cover Javascript, Ruby, HTML, CSS, Ruby on Rails, and Angular. Students will be exposed to different development workflows and work in pairs while working through different projects.
